

**El patró de microestriació dental de primats
Catarrhini: un model ecològic per primats
fòssils i homínids**

Memòria presentada per

Jordi Galbany i Casals

per a optar al grau de

Doctor en Biologia

Dirigida pel Dr. Alejandro Martínez Pérez-Pérez, Professor Titular d'Antropologia
Física de la Unitat d'Antropologia del Departament de Biologia Animal de la
Universitat de Barcelona

Programa de Doctorat d'*Antropologia Biològica*, bienni 1999-2001

Alejandro Martínez Pérez-Pérez
Director

Clara García Moro
Tutora

Jordi Galbany i Casals
Doctorand

“Uno no es lo que es por lo que escribe,
sino por lo que ha leído”

Jorge Luis Borges (1899-1986)
