

## **VITA**

Josep Pou received the B.S. and M.S. degrees in 1989 and 1996, respectively, from the Universitat Politècnica de Catalunya (UPC), Catalonia, Spain.

During 1989, he was the Technical Director of Polylux S.A. In 1990, he joined the faculty of the UPC as an Assistant Professor. He became an Associate Professor in 1993. From February 2001 to January 2002, he was a Researcher in the Center for Power Electronics Systems (CPES), Virginia Polytechnic Institute and State University, Blacksburg, Virginia, USA. His research interests include modeling and control of power converters, multilevel converters, motor drives, and power quality. He has authored more than 30 published technical papers and has been involved in several industrial projects and educational programs in the fields of power electronics and systems.

He is a student member of the IEEE Industrial Electronics, IEEE Power Electronics, and IEEE Industry Applications Societies.
