

Departament de Física i Enginyeria Nuclear
Escola Tècnica Superior d'Enginyeria Industrial de Barcelona
UNIVERSITAT POLITÈCNICA DE CATALUNYA

PhD thesis presented by

Ferran ALBAJAR

for the degree of DOCTOR at the
UNIVERSITAT POLITÈCNICA DE CATALUNYA

Radiation Transport Modelling in a Tokamak Plasma: Application to Performance Prediction and Design of Future Machines

Directors:

Javier DIES

Profesor at the UPC, Barcelona

Jean JOHNER

Engineer at the CEA, Cadarache

Defended on June 14, 2001 before the evaluation Committee:

Xavier ORTEGA

President, Professor at the UPC, Barcelona

Carlos ALEJALDRE

Secretary, Head of the LNF-CIEMAT, Madrid

Gerardo GIRUZZI

Referee, Engineer at the CEA, Cadarache

Marino BORNATICI

Referee, Professor at the Università degli Studi di Pavia

Folker ENGELMANN

Scientific Member of the Max-Planck-Gesellschaft, Garching

Host institution:

Département de Recherches sur la Fusion Contrôlée
Association Euratom-CEA sur la Fusion
CEA Cadarache
