

Petit minyó, ¿oi que és un malson tota aquesta història de serps i de cites i d'estels? Em vaig quedar sense resposta. I digué: Allò que és important no es veu
-És ben cert...

Little man is it not true that this is only a bad dream, this business of the snake and the appointememnt and the star...?

But he did not answer. Instead he said to me:

-The thing that is important is the thing that is not seen...

-Yes I know...
