

Apéndice D

Publicaciones

A continuación se adjuntan las diferentes publicaciones derivadas de la realización de la tesis.

Chemisana D, Ibáñez M, Barrau J. [Comparison of Fresnel concentrators for building integrated photovoltaics](#). *Energ Convers Manage*. 2009; 50(4): 1079-1084. DOI 10.1016/j.enconman.2008.12.002

Vallverdú X, Chemisana D, Barrau J, Ibáñez M, Rosell JI. Thermal and electrical characterization of a low concentrating photovoltaic/thermal absorber. In: 13th International Symposium on Concentrating Power and Chemical Energy Technologies. Solar Paces; 2006 Jun 20-23; Sevilla, Spain

Chemisana D, Vallverdú X, Rosell JI, Ibáñez M. Thermal performance of an evacuated pv-thermal collector. In: 6th ISES Europe Solar Conference (EuroSun 2006); 2006 Jun 27-30; Glasgow, U.K.

Chemisana D, Chipriano J, Ibáñez M, Abdel Mesih B, Mellor A. A cooling system for a hybrid pv/thermal linear concentrator. In: 1st International Conference on Solar Heating, Cooling and Buildings (EuroSun 2008); 2008 Oct 7-10; Lisbon, Portugal

Chemisana D, Ibáñez M, Abdel Mesih B, Rosell JI. Effect of a secondary linear concentrator on the Si solar cell electrical parameters. In: 4th International Conference on Solar Concentrators for the Generation of Electricity or Hydrogen (ICSC-4); 2007 Mar 6-10; El Escorial, Spain
